### SPECIFIC LINE INSTRUCTIONS

Please PRINT all required information

1. Date(s) and time(s) of usage – You may list single dates, multiple dates, or ranges of dates, but they must be within the “one season” rule (See item 3 above). **Please respect the needs of other organizations and refrain from asking for large blocks of time that you may not need.** Be realistic with your times, but allow for set-up and clean up. Remember, that a custodian, cook, teacher, or administrator must be present in a school building when it is in use. If the event time is outside the regular workday of a custodian or cook and their services are required, there will be a service fee.
2. School/site – Name the school where the event(s) will be held. Do not list multiple schools on a single application.
3. Facility – Be specific with your facility request. Please submit a separate application for each site that is obviously separate and distinct.
4. Event description – Describe the activities that will take place, the purpose of the event, the supervision, etc
5. Requesting organization – List the complete name of your organization.
6. Contact name/title, phone number, and address – The individual listed here will receive the approved application and cover letter outlining the terms under which approval was granted. This person is also assumed to be the correct individual to contact in the event that the District cancels its approval because of a subsequent scheduling conflict.
7. Billing name/title, phone number, and address – You may write “Same” on these lines if the contact person is also responsible for making payment. Otherwise list a complete name and address for billing purposes.
8. Estimated number of participants and spectators – Project the number of people that are expected to use the facilities on each day. This information is important so that the District can plan for the necessary staff.
