2023 - 2024 School Year

STUDENT ACCIDENT INSURANCE

Dear Parents and Guardians:

The school district does not carry medical insurance on students but has arranged to offer student accident insurance at the parent's or guardian's expense. A brochure describing the benefits and limits of the program as well as an enrollment form may be accessed by visiting www.sycsd.org and clicking on the "Student Forms" icon on the main homepage.

Two plans are available:

\$28 premium - School Time Coverage

\$124 premium – 24-Hour Coverage

The 24-Hour Coverage provides around the clock coverage to your child 24 hours a day from the effective date to the opening of next school term (excludes all interscholastic sports). Questions may be directed to A-G Administrators at (610) 933-0800.

Additional dental accident coverage is not available. However, the medical insurance coverage provides the following dental benefit: For treatment, repair, or replacement of each injured tooth, which was sound and natural at the time of injury, \$300 per tooth.

To purchase student accident insurance, download the form from the website. **Complete a separate application for each child you wish to enroll. Return the application(s) with your check or money order made payable to United States Fire Insurance Company % A-G Administrators LLC. Mail to:**

A-G Administrators LLC
PO Box 824936
Lock Box # 824936
Philadelphia, PA 19182-4936

If you are unable to access the application, please call the district's administrative services at 717-235-4811, extension 7278, and we will be happy to mail an application form to you.

If you should have a claim under this policy, claim forms can be downloaded at www.agadministrators.com. Claim forms are also available in each school office.

Sincerely,
Tia Walker
Administrative Services
